BID Announcement for Companies

Cabinda Gulf Oil Company Ltd (CABGOC), Chevron subsidiary is one of Angola's top petroleum producers, is going to be issuing a Tender for the services described below:

BID Announcement Number: RFBA-036-SS-2019

Scope of Work

Contractor shall provide but not be limited to the following services:

1. Hydrogen Sulfide (H₂S) Gas:

In order for Company to safely enter, work and exit areas which may contain Hydrogen Sulfide (H₂S) gas, safety equipment must be available. This equipment must meet approved safety requirements, as well as be inspected and maintained as prescribed by the manufacturer. Personnel must be properly trained in the use of equipment to follow a stringent strategy to immediately and safely escape areas of exposure to H₂S.

Contractor shall provide to Company H₂S safety equipment, regular inspection and maintenance of equipment as well as provide awareness and safety training and supervision services. Services shall be provided for all of Company's onshore and offshore operations in Angola.

Duties shall include, but may not be limited to, the following:

- Install / remove and maintain H₂S safety equipment
- Supervise equipment during usage and critical operation
- Conduct H₂S awareness training
- Equipment servicing & inspection, minimum once per month or after equipment usage at Company request
- Perform gas measuring and sampling

2. High Angle Rescue (HAR) and Confined Space Entry (CSE):

Contractor shall provide to Company personnel support to the confined space entry activities. This will include: provision of personnel to provide awareness and safety training and supervision. Personnel to control entry and monitor the spaces as entry attendant; and provide emergency rescue personnel during confined space entries; as requested, for all of Company's onshore and offshore operations in Angola. These services shall be provided both on an on-going basis for some services and on a callout basis via job specific Work Orders as required for large scale turnaround activities.

Contractor shall provide, test and maintain equipment associated with confined space entry, including, ensuring emergency response capability and protection of personnel working in potentially hazardous areas.

If a company is qualified based on the described services and is interested in being considered for participation in that tender they can submit their information through our website www.angola.chevron.com, Suppliers page, BID Announcement; fill the Supplier information form and forward to concurso@chevron.com within the time stipulated in the internet.
